(for left-handed persons)

**KUM® MEDI GRIP**  
(for right-handed persons)

Pat. Pending

Pat. Pending

**105.41.11**

**Med M2 Lf**

2-hole inner pencil sharpener made of milled magnesium alloy, pencil hole cover.

**6 pcs. per display**

**103.68.11**

**Med M2**

2-hole inner pencil sharpener made of milled magnesium alloy, pencil hole cover.

**6 pcs. per display**

The **KUM® MEDI GRIP** uses the body's natural physiology to gently place fingers of right-handed persons as well as of left-handed persons into the proper position for sharpening, and therefore ensures a firm grip during sharpening.

Dr. Johanna Barbara Sattler recommends the **KUM® MEDI GRIP** and uses it in her practical work (i.e. child groups).
